# Atelier ÉCLAIR

BY JORIBA

Atelier Eclair by Joriba was created to showcase our expertise in eclair production. We cannot only produce the artisan eclairs you find at your local baker, but we can also produce premium eclairs which are found at high-end pastry shops in true Parisian style. All the time keeping our focus on offering an excellent flavour, and maintaining a premium quality in frozen. We have created 9 flavours, offering something for everyone. Unlike our standard ready-to-eat eclairs, these eclairs have the same flavour in filling and topping. We make them standard in the Original Atelier Eclair size (13x3,5cm).

BY JORIBA

Unlike our standard ready-to-eat eclairs, these eclairs have the same flavour in filling and topping. We make them standard in the Original Atelier Eclair size (13x3,5cm), but they are also available in other sizes upon request. They are standard available without decorations, so you can customize them with your own personal touch after defrosting but we can also offer them in a 'Deluxe' version, with our own decorations (see next page).
